Dean's Certificate in Data Science and Policy Analysis
Certificate Application Form
2020–21

Please identify the three eligible courses that you have taken (DSPA Certificate Data Sheet Appendixes) to satisfy the certificate requirements and list them in the table below. Graduate courses in other UT Austin schools and departments require case-by-case approval by the certificate coordinator/steering committee.

Course Name	Course Number	Instructor (with instructor approval/initials if * columns present; coordinator initials if not an LBJ School course)	Semester	DSPA Skill Competency Area				
				Software Platform (A)	Dirty to Clean Dataset (B)	Summary & Visualization (C)	Statistical /ML Analysis (D)	Individual Research Project (E)
____								

*: asterisked columns require course instructor sign-off/initials for course.
Individual data science project (*needed only if* Professional Report not listed as element of plan of study):
__ Individual project for course. Course name and number:_____ Instructor approval /initials_____
    (Data science project must be individual work product and utilize skills [A,B,C,D]. Student will be responsible for securing course instructor approval. Write-up of project to be submitted with final DSPA certificate application)
