

MGPS Preapproved Specialization Courses for Summer and Fall 2015

Updated 8 April 2015

**** IMPORTANT NOTES ****

- Please note that this is not a comprehensive or final list. Please check the Registrar's site for updates and to crosscheck unique numbers before registration.
- If you find a class in the Summer and Fall 2015 timetables that is not on this list, but you think it may count towards one of the specializations, please send an email to Dr. Kate Weaver (ceweaver@austin.utexas.edu) AND the specialization coordinator (listed below). In cases where the title does not provide sufficient information to determine fit with a specialization, you should contact the professor and get a course description.
- Courses must have sufficient international and policy relevant content to count. Foreign language and other skills-oriented classes (i.e.: those without a substantive focus) do not count towards the specializations, unless they contain at least 50% content (graded material) that has direct relevance for your specialization. These courses are subject to ad hoc approval by the specialization coordinator and the GPS advisor.
- Per the last note, there are several courses at LBJ and around UT whose titles do not obviously fit with the MGPS specializations. However, we may consider approving these courses if at least 50% of the course grade is determined by work that has direct relevance to your specialization. This is done on an ad hoc and post-hoc basis; meaning you have to first confirm that 50% of the grade will fit (please check with the GPS grad advisor), and then turn in the work after the course is completed to seek approval from the GPS grad advisor to apply the course to your specialization. A few of the courses that have been used in the past at LBJ in this manner are listed at the end of this course handout.
- If you are considering taking classes in another department, please:
 - Check on prerequisite requirements (especially important for business school and economics courses)
 - Check to see if permission of instructor is needed prior to registration
 - If it's a Law School class, there is paperwork involved. Please see Chaz.
 - Most courses in other schools and departments will be restricted for three days during the registration period. Please keep this in mind when planning your schedule.
- If you are trying to find one-credit courses to round out your specialization requirements, and coming up short, please see Dr. Weaver. Please note that PA188S courses (including the Public Policy series with Dr. Stolp and the UT Energy Symposium with Dr. Rai) are taken on a CR/NC basis only and this cannot be applied to your specialization.

Specialization Coordinators:

Security Law and Diplomacy: Dr. Jeremi Suri (suri@austin.utexas.edu)

International Development: Dr. Josh Busby (busbyj@utexas.edu)

Global Governance & International Law: Dr. Kate Weaver (ceweaver@austin.utexas.edu)
