

MGPS Pre-Approved Specialization Courses for Fall 2022

Updated 6 April 2022

** IMPORTANT NOTES **

- Please note that this is not a comprehensive or final list. Please check the Registrar's site for updates and crosscheck unique numbers before registration.
- Remember that only graduate-level courses may count toward your MGPS degree, and that only courses taken for a letter grade may count toward your specialization.
- The only exception to the rule above is that you may count up to 6 total credits' worth of undergraduate-level foreign language courses toward your elective requirements.
- If you find a class in the Summer or Fall 2022 timetables that is not on this list, but you think it may count toward your specialization, please consult your Advisor, Dr. Lorinc Redei (lredei@austin.utexas.edu). In cases where the title does not provide sufficient information to determine the fit with a specialization, you should contact the professor and get a course description or a syllabus, and attach that information to your message.
- On an ad hoc basis, your Advisor may consider approving courses for your specialization that are skills-focused but not inherently relevant to your GPS specialization, if at least 50% of the course grade is determined by work that has direct relevance to your specialization. You must prove this both before registering for the course (by confirming that at least 50% of your grade will come from assignments directly addressing your specialization) and after you complete the course (by turning in the work to your Advisor after the course is over to verify the relevance to your specialization).
- If you are considering taking classes in another department, which are not cross-listed with LBJ, please:
 - Check prerequisite requirements (especially important for business/finance/economics);
 - Check to see if permission of instructor is needed prior to registration;
 - Check if it is a Law School class—if so, you can only register via a paper form (see OSAA);
 - Check for registration restrictions: many courses in other schools and departments are restricted for three days during registration. Keep this in mind when planning your schedule.
- For all of you with custom specializations, please consult with your Advisor before assuming that any course would count toward your self-designed specialization.

Fall 2022 Courses by Pre-Approved Specialization

Security, Law & Diplomacy

PA380L (60655)/LAW389T/BGS380/CE397/CS395T/INF390N Cybersecurity Law & Policy (Chesney)
