

MGPS Preapproved Specialization Courses for Summer and Fall 2016

Updated 12 April 2016

** IMPORTANT NOTES **

- Please note that this is not a comprehensive or final list. Please check the Registrar's site for updates and crosscheck unique numbers before registration.
- If you find a class in the Summer and Fall 2016 timetables that is not on this list, but you think it may count towards one of the specializations, please send an email to the GPS Advisor, Dr. Lorinc Redei (lredei@austin.utexas.edu) AND the specialization coordinator (listed below). In cases where the title does not provide sufficient information to determine fit with a specialization, you should contact the professor and get a course description or a syllabus, and attach that information to your message.
- Courses must have sufficient international and policy relevant content to count. Foreign language and other skills-oriented classes (i.e.: those without a substantive focus) do not count towards the specializations, unless they contain at least 50% content (graded material) that has direct relevance to your specialization. These courses are subject to ad hoc approval by the specialization coordinator and the GPS Advisor.
- There are several courses at LBJ and around UT whose titles do not obviously fit with the MGPS specializations. However, the GPS Advisor may consider approving these courses on an ad hoc basis, if at least half of the course grade is determined by work that has direct relevance to your specialization. You must prove this both before signing up for the course (by confirming that 50% of your grade will be relevant to your specialization, and making sure this fits the course requirements in the syllabus) and after you complete the course (by turning in the work after the course is over to seek approval from the GPS grad advisor to apply the course to your specialization).
- If you are considering taking classes in another department, please:
 - Check prerequisite requirements (especially important for business school and economics);
 - Check to see if permission of instructor is needed prior to registration ;
 - Check if it's a Law School class—if so, there is paperwork involved: please see Chaz Nailor;
 - Check for registration restrictions: most courses in other schools and departments are restricted for three days during registration. Keep this in mind when planning your schedule.
- If you are trying to find one-credit courses to round out your specialization requirements, and coming up short, please see Dr. Redei. Please note that PA188S courses (including the Public Policy series with Dr. Stolp and the UT Energy Symposium with Dr. Beach) are taken on a CR/NC basis only and cannot be applied to your specialization. There are likely to be more one-credit courses offered in the spring.
- Reminder: you will need to complete 15 credit hours' worth of coursework in your field of specialization for your LBJ degree, whether or not you are a dual degree student. Only graduate-level courses may count toward your GPS degree.
- For all of you with custom specializations, please consult with Dr. Redei before assuming that any course would count toward your self-designed specialization.

Specialization Coordinators:

Security, Law and Diplomacy:	Dr. Jeremi Suri (suri@austin.utexas.edu)
International Development:	Dr. Josh Busby (busbyj@utexas.edu)
Global Governance & International Law:	Dr. Lorinc Redei (lredei@austin.utexas.edu)
Energy, Environment & Technology:	Dr. Varun Rai (varun.raai@mail.utexas.edu)
International Finance & Trade:	Dr. Ken Flamm (kflamm@austin.utexas.edu)
Custom Specializations:	Dr. Lorinc Redei (lredei@austin.utexas.edu)
