

MGPS Preapproved Specialization Courses for Fall 2014
Tentative List
Updated 16 August 2014

**** Please note that this is not a comprehensive or final list. There will be several course changes prior to the registration period. Please check the Registrar's site for updates and to crosscheck unique numbers before registration. If you find a class in the Fall 2014 timetable that is not on this list, but you think it may count towards one of the specializations, please send an email to Dr. Kate Weaver (ceweaver@austin.utexas.edu). In cases where the title does not provide sufficient information to determine fit with a specialization, you should contact the professor and get a course description. Courses must have sufficient international and policy relevant content to count. Foreign language and other skills-oriented classes (ie: those without a substantive focus) do not count towards the specializations. FOR ALL NON-LBJ COURSES, PLEASE CHECK WITH THE RESPECTIVE DEPARTMENT FOR INSTRUCTOR PERMISSION AND/OR PREREQUISITE REQUIREMENTS.**

Please note: many classes not on this list can be approved on an ad hoc basis if you can demonstrate that at least 50% of the grade is based upon a research project that allows you to conduct significant research on an international topic relevant to your specialization. Requests for ad hoc approval should be directed to Dr. Kate Weaver, and should include: (1) detailed description of the course and its requirements; (2) email correspondence with Professor indicating that the course does indeed have international content and provides the opportunity to do appropriate research as outlined above; (3) syllabus, where available.
